[www.alaskafiberfestival.org](http://www.alaskafiberfestival.org)

“Eye of the Beholder” is not a fashion show, it is a multi-media performance where the human body becomes a living, breathing, moving canvas. We are looking for more than a “pretty dress.” We are asking you to go deep into your imagination to create a wearable piece of art that challenges what most consider to be wearable, or everyday fashion.

Alaska Fiber Festival is committed to challenging artists of all mediums to push their imaginations to create evocative, imaginative and thought provoking sculpture for the human body.

Eye of the Beholder Wearable Art Show benefits the Alaska Fiber Festival.
